Basic life questions: an introduction in Christianity Tuesday 3 December

As long as people think about their own existence they ask questions. Where do we come from? What is the purpose of my life? What about good and evil? Is this all there is? Where are we heading for? Christianity is the story about the God that made all there is, the God that asks his own questions to us, the God who revealed his answer in the person of Jesus Christ. Want to know more.... this lecture is an introduction to getting to know what Christianity says about the world, your life and God. Rev. Mark Bergsma is the pastor of Singelkerk Utrecht and also the pastor in the Rooted project for international students
